

**20th Australian Masters Games
Canberra
October 2025**

Dear All

As was recently announced, the 20th Australian Masters Games (AMG) will be held in Canberra in October 2025.

The AMG is one of the largest multi-sport events in Australia, bringing together weekend warriors from around Australia, and the world, to enjoy an extensive sporting and social program in a significant Australian destination.

First held in 1987, the AMG is Australia's original master's event, attracting over 136,000 Games participants since its creation. 2025 will be the 20th edition of this established multi-sport, mass participation event – returning to our national capital for the first time since 2003. It is scheduled to take place in Canberra from **18th to 25th October 2025**.

The AMG is owned by and is a key program of the Confederation of Australian Sport's (CAS) 'Sport for All' platform. The 2025 AMG is also proudly supported by the ACT Government.

UniSport Australia is our delivery partner and will manage the delivery of the 2025 AMG, a significant task as we aim to conduct over 50 sports for more than 8,000 enthusiastic masters sport enthusiasts and their supporters.

We are very excited by the enthusiasm of the ACT Sporting community for the 20th AMG. Even though the event is almost three years away and the 19th AMG in Adelaide is yet to be held, we encourage you to start considering several issues:

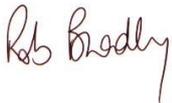

1. Timing of the event with your established programs, together with availability of officials, volunteers, and facilities
2. Opportunities to drive interstate participants
3. Building on existing partnerships to increase your sports appeal with over 30s
4. Establishment of a dedicated masters committee
5. Overall approval for your Sport's participation will ultimately be required from your NSO and you may consider communicating with the NSO to express your interest in participating/managing your sport at the 2025 AMG.

We look forward to working with you to deliver a truly outstanding AMG. Our delivery partner UniSport Australia will be establishing an office in Canberra towards the end of 2023, but in the meantime, should you have any questions please don't hesitate to reach out to either myself or Mark.
